

DEEP WOODS ESTATE HILLSIDE CHARDONNAY 2019

WINE INTRODUCTION

The Hillside wines are made from low-yielding fruit grown on the steepest slopes on the estate allowing both excellent sunlight exposure and ventilation. The wines are both ripe yet delicate and limited production maintains the high level of quality that has yielded numerous accolades across the range.

WINEMAKER VINTAGE DESCRIPTION

2019 was a tricky but very rewarding vintage in Margaret River. A steady, mild season allowed for slow, measured flavour development that resulted in balanced natural acidity and lifted varietal fruit character, resulting in wines with incredible perfume, true elegance and real personality.

WINEMAKING NOTE

Fermented in a combination of seasoned and new oak barrels, using only indigenous yeasts with no fining or acid additions, this is a wine that showcases Deep Woods' dedication to site selection and this great variety. The Hillside Chardonnay focuses on a selection of some of the coolest sites in the Margaret River region so as to produce wines with great varietal character, while maintaining excellent vibrancy and freshness of acidity."

APPEARANCE, AROMA AND TASTING NOTE

Pale straw in colour, the wine exhibits lifted nectarine and white blossom characters. A suggestion of cedar-like oak frames the generous stone-fruit characters and complex chipped shell minerality. The palate is clean and lively with tremendous depth of ripe stone-fruit flavour nuanced by cashew notes. Bright citrusy acidity ensures a long and seamless finish providing enhanced structure and length.

WINE INFORMATION

Country:	Australia
Region:	Margaret River
Wine Type:	White Wine
