

# SAN MARTINO PROSECCO SUPERIORE CONEGLIANO VALDOBBIADENE DOCG EXTRA DRY NV

## WINEMAKER VINTAGE DESCRIPTION

These genuine wines tell the story of a family and its love for working the land and growing grapes. The Cescon family has been running the winery for three generations. Since the 60's they have passed on their passion for wine, caring for the vineyards and the indigenous grape varieties that truly represent the territory, from the river Piave to the hills famous for Prosecco. Over the course of the past three generations the Cescons have always believed in nature, honest human labour and a search for quality deeply rooted in tradition. However, they have also invested in the newest technology to become renowned wine makers of quality Prosecco.

## WINEMAKING NOTE

Made using the charmat method, as in typical of Prosecco, this Prosecco Superiore is made from hand-harvested grapes from the best hills between Conegliano and Valdobbiadene. Thanks to high sun exposure and a high temperature difference between day and night, the aromatic properties of glera are preserved and acidity is prominent.

## APPEARANCE, AROMA AND TASTING NOTE

The nose and palate are dominated by intense notes of fresh fruit and peach. Pairs well with fish, starters, apertifs and cheeses.
