

SAN MARTINO “UNDICI” MILLESIMATO EXTRA DRY 2018

WINEMAKER VINTAGE DESCRIPTION

These genuine wines tell the story of a family and its love for working the land and growing grapes. The Cescon family has been running the winery for three generations. Since the 60's they have passed on their passion for wine, caring for the vineyards and the indigenous grape varieties that truly represent the territory, from the river Piave to the hills famous for Prosecco. Over the course of the past three generations the Cescons have always believed in nature, honest human labour and a search for quality deeply rooted in tradition. However, they have also invested in the newest technology to become renowned wine makers of quality Prosecco.

APPEARANCE, AROMA AND TASTING NOTE

Millesimato Undici is a fresh vintage wine with hints of flowers, harmonic with a balanced aftertaste. With gentle, lasting bubbles it is perfect as an aperitif or with fish dishes.
