

SAN MARTINO “UNDICI” PROSECCO DOC EXTRA DRY NV

WINEMAKER VINTAGE DESCRIPTION

These genuine wines tell the story of a family and its love for working the land and growing grapes. The Cescon family has been running the winery for three generations. Since the 60's they have passed on their passion for wine, caring for the vineyards and the indigenous grape varieties that truly represent the territory, from the river Piave to the hills famous for Prosecco. Over the course of the past three generations the Cescons have always believed in nature, honest human labour and a search for quality deeply rooted in tradition. However, they have also invested in the newest technology to become renowned wine makers of quality Prosecco.

WINEMAKING NOTE

Made using the charmat method, as in typical of Prosecco.

APPEARANCE, AROMA AND TASTING NOTE

Undici is a fresh Prosecco made using the Charmat method where the fruit notes really stand out. It pairs excellently with fish and cheese but is also great as an aperitif.
