

SAN MARTINO MERLOT VENETO IGT NV

WINE INTRODUCTION

These genuine wines tell the story of a family and its love for working the land and growing grapes. The Cescon family has been running the winery for three generations. Since the 60's they have passed on their passion for wine, caring for the vineyards and the indigenous grape varieties that truly represent the territory, from the river Piave to the hills famous for Prosecco. Over the course of the past three generations the Cescons have always believed in nature, honest human labour and a search for quality deeply rooted in tradition. However, they have also invested in the newest technology to become renowned makers of quality wines.

APPEARANCE, AROMA AND TASTING NOTES

Ruby in colour with light garnet hints, this Merlot has intense aromas typical of the variety, with a smooth and balanced palate. An excellent accompaniment to cured meats and roasted guinea fowl.
