

LAMBERTI AMARONE DELLA VALPOLICELLA DOCG 2017

WINE INTRODUCTION

Lamberti is named after one of Verona's oldest noble families, which has its own famous tower in the city's Piazza delle Erbe. The winery was founded in 1964 in Cavaion (province of Verona), originally producing just Bardolino Classico. Now Lamberti is one of the Verona district's leading wineries and is known worldwide. The original cellars are located in Cavaion (province of Verona), on Lake Garda, on the Tenuta Preella estate, whose name means "small stone" in local dialect. The soils in the lake area around the estate are of glacial origin and rich in stones left by the retreating glacier, a fact that inspires the name of our best-selling wines all over the world: "Santepietre", a name containing all the characteristics of the terroir in its bouquet.

APPEARANCE, AROMA AND TASTING NOTE

A generous red, with a full and velvety palate, ideal for red meats, game and aged strong cheeses.
