

SARTARELLI TRALIVIO, VERDICCHIO DEI CASTELLI DI JESI DOC CLASSICO SUPERIORE 2020

WINEMAKING NOTE

This wine is produced from very carefully selected grapes in our best vineyards, where the grapes are usually thinned out to reduce the production to 8-9 tons per hectare. Harvested in small crates, the soft pressing and the temperature control during fermentation in stainless steel mean that the grapes are cared for following the old traditional way.

WINEMAKER VINTAGE DESCRIPTION

2020 was an impressive vintage, and significant in terms of quantity and quality. The 2020 vintage was characterised by a very mild winter with very short cold spells. Then, a pleasant spring followed to bring a decent quantity of rain. Such weather conditions favoured a very good budding process developing very well, so that it was necessary to anticipate pruning. By anticipating the pruning we were able to get to the blooming time with a significant load of grape bunches. At the end of May/beginning of June, the ideal temperatures favoured a perfect blooming and consequently an excellent formation of the bunch with no need for any synthetic plant protection products. Heavy rainfalls in June rebalanced vineyards after such a dry winter. "Kissed" by mild and never too hot summer temperatures in the months of July and August we experienced a good temperature range between day and night. This gave us a correct ripening of the grapes.

APPEARANCE, AROMA AND TASTING NOTE

Of a lively and bright straw yellow color, it opens with an elegant and alluring bouquet of aromatic spring herbs, developing into aromas of acacia, linden, citrus, apricot and fresh almond, alongside a hint of minerality. The palate is persistent and well-balanced, with fresh acidity and sapidity. Characteristically it has a bitter almond finish, which is the typical recurring element of this varietal.

WINE INFORMATION

| | |
|---------------------------|---|
| Country: | Italy |
| Region: | Marche |
| Sub region: | Jesi |
| Wine Type: | White Wine |
| Producer: | Sartarelli |
